Lightweight Black Desert Eagle with Integral Muzzle Brake

Magnum Research, the world-renowned manufacturer of high-performance firearms, is proud to introduce the new L6 Desert Eagle with integral Muzzle Brake in a durable all black finish.

This new series of mighty Desert Eagle pistols incorporates the weight savings of the alloy L6 frame, with the integral muzzle brake upper that is very popular with shooters. Models will be available in all four magnum calibers, .50 AE, .44 MAG, .429 DE, and .357 MAG.

The Desert Eagle features a 6" barrel and integral muzzle brake, which help to reduce recoil. It measures 10.75" in overall length, and weighs approximately 10 oz. less than steel framed models. The construction of the Mark XIX Desert Eagle utilizes the latest CNC machine technology, providing exacting specifications and tight tolerances.

Each gun comes standard with combat sights, dust cover accessory rail, black wrap around finger groove rubber grips, a picatinny style optics rail, and one magazine. The result is a work of art in a precision firearm.

MSRP: \$2,451 (DE50L6IMB, DE44L6IMB, DE429L6IMB, DE357L6IMB)

The Kahr Firearms Group family combines Kahr Arms, Magnum Research, and Auto-Ordnance, into a single American brand providing products of exceptional quality for the discerning consumer. Kahr Arms is the original expert at making compact, semi-automatic pistols. The C, P, and K series handguns represent the best option for concealed carry. Magnum Research Inc. produces the Desert Eagle, and BFR handguns. The recognized magnum handgun experts, Magnum Research also produces the ultralight, super accurate SwitchBolt rimfire rifle. Auto-Ordnance manufactures a range of historical firearm reproductions, including the legendary Tommy Gun, 1911 pistol, and M1 Carbine. All three brands make up the Kahr Firearms Group family of firearms.
