# DESERT EAGLE®

## NEW ZIRCONIUM NITRIDE GOLD FINISH

An unmistakable pistol with a striking appearance and ingenious engineering, the Mark XIX Desert Eagle is one of the most iconic handguns ever produced.

The new Zirconium Nitride Gold Series is encased in a brilliant, high-durability gold finish. Available in a classic full-gold appearance or with contrasting black controls and appointments, it is truly a beautiful example of artistic firearms design.

Available in .50 AE, .44 Magnum, .357 Magnum, and California approved models, it features a 6-inch barrel with an integral Picatinny-style optic rail. An ambidextrous safety ensures ease of access for any shooter, while ergonomic black rubber grips help manage the legendary recoil of these magnum cartridges.

This Desert Eagle is designed for collectors and shooters who demand uncompromising performance with a heavy dose of style. One magazine is included.
