Dueling Katanas

CUSTOM DESERT EAGLE

Witness the stunning craftsmanship of Iron Monkey Rifle Works as they transform the legendary Magnum Research .50 AE Desert Eagle made from carbon steel, into a breathtaking masterpiece. Inspired by their Asian heritage, this exclusive firearm seamlessly blends tradition with modern design.

Featuring intricate Japanese iconography inspired by dueling katanas, this firearm's silhouette is a true work of art. Every component is meticulously hand-polished to perfection, gleaming with intricate details, enhanced by a sleek black nickel frame and DLC-finished slide and barrel.

Combining raw power with artistic expression, this is more than just a firearm—it's a collector's piece for those who demand both perfection and performance. One seven round magazine is included.

Each custom firearm is a unique work of art containing hand created content. As a result, no two firearms are exactly alike, and features may vary between individual pieces. Final products may not exactly match depictions in advertisements.

MSRP: **\$5,999**

Iron Monkey Rifle Works, based in Kenmore, Washington, is a firearms manufacturer specializing in precision rifles, custom builds, and high-performance firearm components. Known for their craftsmanship and innovation, they cater to competitive shooters, hunters, and tactical professionals. Their products emphasize durability, accuracy, and cutting-edge design.
