MODEL: **DE50THR**

**.50 A.E. | 7 ROUND**

Shown DE50THR with  
Bowers™ VERS 50 Suppressor

# DESERT EAGLE®

WITH THREADED BARREL  Made in the USA

MODEL: **BAR506THR**  
(Threaded Barrel)

Magnum Research elevates the iconic hand cannon with the introduction of the suppressor-ready DE50THR Mark XIX Desert Eagle in .50 AE.

This powerhouse features a six-inch black carbon steel threaded barrel with a 49/64"-20 thread pitch, seamlessly accommodating your preferred suppressor. Ensuring flawless reliability, the system includes a specialized L5 piston required for proper operation when a suppressor is attached. One 7 round magazine is included.

For fans who already own a Desert Eagle, Magnum Research offers the BAR506THR as a standalone threaded barrel upgrade to modernize your existing platform.
