STAINLESS DESERT EAGLE COMPONENT SYSTEM

Magnum Research is thrilled to announce the ultimate package for hand-cannon addicts with the new DEXIX6SRMB Mark XIX 6" Component System.

This comprehensive kit delivers unmatched power and versatility by seamlessly integrating three legendary calibers: .357 Magnum, .44 Magnum, and .50 AE, into one complete platform. Shooters can effortlessly transition between the included six-inch barrels to match their preferred ballistic performance on the range or in the field.

Finished in a stunning and highly durable stainless steel, this premium package represents the ultimate versatility of American-made engineering and aggressive styling in a magnum handgun.

The Mark XIX Component System provides a true all-in-one Desert Eagle experience.
